OBJECTIVE

OBJECTIVE Highly motivated and detail-oriented individual with excellent Data Analysis, communication skills, seeking an Opportunity to utilize my strong interpersonal abilities and eagerness to learn in an excelent environment.

PROJECTS

- **Project: Ola Ride Booking Data Analytics Dashboard** ([Link](#))

Developed an interactive Power BI dashboard to analyze ride bookings, revenue trends, and customer behavior for Ola's ride-hailing service.

Technologies used: MS Power BI, Google Sheets, MS Excel, MySQL

- Visualized ride booking patterns, peak travel times, and revenue trends using Power BI dashboards.
- Analyzed driver performance, ride cancellations, and customer feedback to improve operational efficiency.
- Created dynamic filters to explore ride trends by location, payment mode, and ride type.
- Optimized dashboard responsiveness for interactive data exploration and decision-making.

- **Project: Pollo Hospital Health Dataset Dashboard** ([Link](#))

Developed an interactive Power BI dashboard for Pollo Hospital, providing insights into patient data, including admissions, discharges, bed occupancy, doctor feedback, diagnosis analysis, and billing trends.

Technologies used: MS Power BI, Google Sheets, MS Excel

- Visualized hospital data, including patient admission/discharge dates, bed occupancy by type, and doctor feedback ratings.
 - Analyzed diagnosis trends and associated billing/insurance amounts to support data-driven decision-making.
 - Implemented dynamic filters to explore different time periods, diagnoses, and doctor performance metrics.
 - Created a user-friendly dashboard with a responsive design, optimizing performance for interactive analysis of large datasets.
